CHERRY, Flowering

Amanogawa. Light semi-double pink, pyramidal habit of growth.

Autumnalis. Single pink, earliest to flower, sometimes in February.

Beni Higan. Single pink, very showy, due to quantity of early blooms.

Kwanzan. Double dark pink, the most popular and one of the best.

Mt. Fuji. Double pure white with drooping clusters, very showy.

Naden. Double shell pink and a heavy flowering variety.

Shirofugen. Double flower with a pink bud opening to white. Later than other varieties.

Takasago. Double shell pink.

Yoshino. Single pale pink but very floriferous and a fast growing variety.

7-8 feet, branched, grafted at 6 ft.	1.50	
(Kwanzan Only)		
6-8 feet, branched	1.35	1.25
5-6 feet, branched	1.10	1.00

2/16 to 3/16 in., 9-12 inch.....	35.00

TO THE TRADE

In offering the following list of nursery stock, we wish to emphasize the fact that it is grown on non-irrigated soil under natural growing conditions and is well ripened before digging. The long growing season and plentiful rainfall of the Willamette Valley are conducive to rapid growth but proper maturing of all stock is easily controlled by cultivation.

PRICES are based on present market conditions and subject to change without notice. All quotations are subject to previous sale and all prices are made for the use of established nurserymen only.

TERMS. The usual terms are offered to those of established credit or whose responsibility is known to us. Satisfactory references are required from unknown parties. Interest at the rate of 6% per annum will be charged on overdue accounts.

ORDERS are booked subject to crop conditions or errors in count, and with the understanding that same shall be void should injury befall stock because of hail, fire, frost or other cause beyond our control.

GRADE STANDARDS are those adopted by the American Association of Nurserymen.

PACKING. All boxing or baling charges at cost. No charge is made when stock is packed in bulk in a car.

SHIPPING. In making our Eastern shipments, we use combination or pool cars to several distributing points throughout the East and Middle West. This greatly reduces the freight charges and makes our stock as reasonable as any. L.C.L. railroad freight, auto freight or express shipments promptly handled.

INSPECTION CERTIFICATES will be furnished with each shipment.

CLAIMS for any cause must be made promptly on receipt of shipment. Any stock rejected must be reported immediately and held for advice from us as to disposition but in no case should it be returned to us without authority. We will cheerfully allow credit for proven unsatisfactory stock but will not entertain claims after stock has been once accepted.

GUARANTEE. WE GIVE NO WARRANTY, EXPRESSED OR IMPLIED, AS TO LIFE, DESCRIPTION, QUALITY, PRODUCTIVENESS, OR ANY OTHER MATTER, OF ANY NURSERY STOCK OR PLANTS THAT WE SELL. SHOULD ANY STOCK PROVE UNTRUE TO NAME AS LABELED, IT IS MUTUALLY AGREED THAT OUR TOTAL LIABILITY, UPON SATISFACTORY PROOF, SHALL BE LIMITED TO OUR REPLACING FREE OR REFUNDING THE PURCHASE PRICE.

Respectfully,

A. MCGILL & SON.
